**Tink** earned her AKC Junior Hunter and NAHRA Started Retriever field titles going four for four in each event. She finished her CD in obedience easily, with a first place finish in the final trial and class placements in the others. Tink is currently training for the Senior Hunter Test and has also competed in the Open obedience class. She is loyal family companion, alert and highly intelligent. She is birdy with a strong retriever drive, and ideal temperament.

**OFA certifications for hips "Good"; patellas, elbows, thyroid, cardiac, CERF, and gonioscopy, all "Normal".**

**VetGen DNA, Type I: BBEE, Carries Black only**

#### NORDUCH INTUCH Almanza Certain Timing

NORDV-98 SV-98 NUCH GBCH *Cariena's Thirtyfour-Four*

X

WW-96 FINV-97 DKUCH NORDUCH INTUCH *Almanza Mad About Chocolate*

**Ferro** is a Nordic and International Champion who lives in Sweden with his owner. He is active in field trials and is a skilled working retriever during real duck hunts. He has attained the Field Trial, Cold Game Winners Class in Sweden, with 2 - 1st place finishes in there Open Class. Ferro also actively competes in major European dog shows. He is the son of a Champion Dog and Dam. Ferro sired his first litter in June of 2005. He has excellent bone, good proportion, and a dense coat to keep him warm during duck season.

**Swedish Kennel Club certifications for hips "A/B", patellas, elbows, and eyes, all "Normal". AKC and Swedish registrations, as well as DNA profiled.**

**VetGen DNA, Type III: BbEE, Carries Black and Liver only**

This breeding will be by surgical Artificial Insemination (AI) using frozen semen. We have obtained the services of the leading expert in frozen canine semen preparation, Dr. Catharina Linde-Forsberg, from the University of Agricultural Sciences in Uppsala, Sweden. Her team will collect, process and test the semen prior to shipping to the USA. The AI will be performed by Dr. C. Nick Elam DVM of the Elam Animal Hospital in Richmond, Virginia. The Breeding occurred on February 7th, 2006 and a litter is expected on or around April 8, 2006.
